Re: [REDACTED] No. DR [REDACTED]

Dear Dr. Reed:

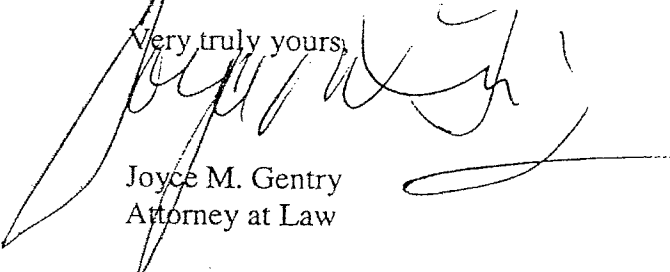

[REDACTED] requests that you speak with [REDACTED] cell, [REDACTED] home, prior to issuing your recommendations. Ms. [REDACTED] is an APS school teacher and has been the Sunday school teacher for [REDACTED] and [REDACTED]. Both boys, in different prayer sessions, prayed that their father would stop drinking and abusing them. [REDACTED] does not use alcohol and has not been abusive to the boys. Obviously, [REDACTED] has continued her pattern of parental alienation, coaching, and divisiveness, which has characterized this case from its inception. [REDACTED] actions are to the detriment of the children. [REDACTED] also has additional information about [REDACTED] interactions with the children as well as his character.

Additionally, [REDACTED] is attempting to interfere with the status quo regarding the children's dental care with [REDACTED]. [REDACTED] accused [REDACTED] dental hygienist of giving the children cavities. Please confirm this fact with [REDACTED] office at [REDACTED].

Finally, [REDACTED] has been interfering with the children's schooling at [REDACTED]. She kept [REDACTED] out of school on September 15, 2003, immediately after his weekend with [REDACTED]. The next day, on September 16, 2003, [REDACTED] kept [REDACTED] out of school. We presume that [REDACTED] conduct addresses her need for company and not the children's best interests.

Thank you for your prompt attention to this matter.

Very truly yours,

Joyce M. Gentry
